IceMaker : Yes
Oven : Yes
Gas stove : Yes
Heater : Yes
Washing machine : Yes
TV antenna : No
SAT-TV : No

Owner's Comments

The SAMANA 59 is a model with staggering volumes while remaining within human-scale dimensions. ARMEN is a particularly accomplished Maestro 5-cabin version, benefiting from an exceptional level of equipment and full preparation for offshore cruising and premium charter. Its configuration includes a superb owner's suite along with four guest cabins, complemented by two forward cabins fitted with berths and bathrooms, offering remarkable accommodation capacity. Designed for autonomy and onboard comfort, ARMEN features, in particular, 2 Yanmar 150 HP engines, a bow thruster, an ONAN 17 kW generator, a 220 l/h watermaker, significant solar energy production, and a Starlink High Performance connection to stay connected anywhere in the world. Navigation is made easier by a complete Garmin electronic package with dual 17" screens, radar, and flybridge cameras, while the rigging is optimized with a 160 m² gennaker on a furler. Special attention has also been given to living comfort with premium upholstery, full synthetic teak, televisions in the saloon and owner's suite, a wine cellar, ice maker, plancha, filtered and sparkling water dispenser, as well as a full hotel-grade setup. Particularly suited to long-range cruising programs, ARMEN also benefits from a 450 kg Tenderlift hydraulic platform, a 4.60m AB Marine tender, a complete offshore safety kit, and numerous water sports equipment. ARMEN represents a rare opportunity to acquire a Samana 59 with an optimal level of equipment, available after the summer. A preferential-rate financing offer is currently underway and transferable upon file review.
