Comments : Trawler IDHRA 55, complete and comprehensive refit from a ship-made steel hull manufactured in the Netherlands.

Only the hull was retained after a thorough review. The philosophy of the IDHRA 55 is that of a robust and reliable motor cruiser, displacement and a spacious room with maximum comfort.

Aesthetics are characteristic of this type of yacht, with details that give this dedicated shipyard for rebuilt yachts classic elegance and impeccable finishes.

With sufficient cruising speed, there is generous autonomy that allows long journeys and extended stays without the need to enter the port.

The IDHRA 55 has been fully rehabilitated, leaving only the steel structure of the navy, the rest of the components of the boat being completely new.
