Owner's Comments

Ketch Gallian 13, Carènes study site, Herbulot.

This boat benefited from a complete refit in 2020 in preparation for a world tour which unfortunately could not be carried out by the current owner.

The two engines were replaced by 2 new VOLVO PENTA D2 50 HP, the site did a huge job replacing all the motorization, the shaft lines, the wheelhouse, the tanks, the rudder rings, the joints, the hydraulics and much more Again.

As well as the electricity and electronics, everything has been refurbished.

Complete invoice file. More than ?90,000 expert report on request.

Gallian ketch 13 from 1977 designed by architect Jean-Jacques Herbulot.

A skirt has been added: which brings the length of the boat to 14.90 meters.

The hull is made of epoxy plywood as is the skirt which is an entire part of the hull since it is attached to the frames and stringers.

It is equipped for ocean travel with 4 solar panels of 50 watts each and a 400 watt Air breeze wind turbine: the set powers the 600 amps of utility batteries. The boat is self-sufficient in electricity. All lighting is made up of LED bulbs. :

1 side cabin with a large berth for 2 people, a wardrobe. It is located in the center of the boat.

1 double forward cabin.

2 bunk berths in starboard passageway, the upper one of which can be transformed into a double berth.

1 bathroom (sink, shower and WC with black water tank) accessible from the forward cabin and the owner's cabin.

1 saloon offset to port which can comfortably accommodate 8 guests.

1 long kitchen equipped with a 2-burner stove with oven, two large fridges, a sink with drainer and worktop.

1 large wheelhouse protected by a rigid cap extended by a awning on a stainless steel tube frame.

A large table with bench seats under which are large chests. The whole thing forms a real living room, at sea and at anchor facilitated by easy circulation and practically on the ground floor (2 steps between the wheelhouse and the interior).

1 large aft skirt and swim ladder making swimming and boarding at anchor easier.

She is equipped with davits: ketch with a furling mizzen sail, a mainsail equipped with three reefs with a rigid downhaul, a furling genoa, a releasable forestay. The wardrobe includes a reefed jib, a staysail, a storm jib, these sails are rigged on, 2 symmetrical spinnakers (one light and one heavy) and an asymmetrical spinnaker with its sock. :

1 Delta anchor of 30 kg with 60 meters of chain + a plow anchor.

Limitation of liability : XBOAT presents the details of the boat as supplied to us by the owner.

Owners may make errors or changes without notifying us. This information is not contractual and does not bind XBOAT in any way. It cannot be opposed by a visitor or a buyer.
