Technical Details

The Sunseeker Superhawk 50 is an iconic luxury yacht, designed to offer an exceptional boating experience that combines performance, comfort, and elegance. This boat is ideal for those seeking a perfect blend of power and sophistication.

Main Features:

- Overall Length: Approximately 15.24 meters (50 feet) -
- Beam: Approximately 4.42 meters -
- Draft: Approximately 1.22 meters -
- Displacement: Approximately 22 tons -

Engines and Performance: The Sunseeker Superhawk 50 is typically equipped with powerful diesel engines, often MAN or Cummins, providing a total power of 1,678 hp (1,250 kW). These engines allow the boat to reach an impressive maximum speed of over 40 knots, with a comfortable cruising speed of around 30 knots.

Capacity and Comfort: This yacht can accommodate up to 10 people on board, with spacious and well-appointed cabins. The master cabin often features a double bed, while the guest cabins offer single or bunk beds. The salon and cockpit are designed to maximize living space and offer a stunning view of the water.

Equipment: The Superhawk 50 is equipped with numerous modern features, including an advanced navigation system, communication equipment, air conditioning, and high-quality entertainment systems. Safety equipment, such as life jackets, life rafts, and fire extinguishers, are also present to ensure the safety of the passengers.

Design and Finishes: The exterior design of the Sunseeker Superhawk 50 is elegant and aerodynamic, with clean lines and high-quality finishes. The interior is designed with luxurious materials, offering a warm and welcoming environment. Finishes in precious woods and stainless steel add a touch of sophistication.

The Sunseeker Superhawk 50 is an ideal choice for boating enthusiasts seeking a high-performance and luxurious yacht, capable of combining fast and exciting outings with moments of relaxation and comfort on board.
