Technical Details

The Rodman 30 Fly is a versatile and elegant pleasure boat designed by the Spanish manufacturer Rodman. This model is particularly appreciated for its balance between performance, comfort, and maneuverability. Here are some of its main features:

- Overall Length: Approximately 9.60 meters -
- Beam: Approximately 3.10 meters -
- Draft: Approximately 0.90 meters -
- Displacement: Approximately 6 tons -
- Engine: The Rodman 30 Fly is generally equipped with inboard diesel engines, often Volvo Penta or Yanmar engines, offering a total power of up to 550 horsepower. -
- Cruising Speed: Approximately 25 knots, with a maximum speed that can reach 35 knots depending on the chosen engine. -
- Fuel Tank: Capacity of approximately 1,000 liters, allowing for extended sea outings. -
- Fresh Water Tank: Capacity of approximately 200 liters, ensuring onboard comfort. -
- Sleeping Capacity: The Rodman 30 Fly generally offers comfortable interior accommodations, with a main cabin and sleeping spaces for 4 to 6 people. -
- Standard Equipment: This model is often equipped with modern navigation systems, a radar, a GPS, a sonar, as well as various safety and comfort equipment such as a refrigerator, a sink, and comfortable deck seats. -
- Construction: The Rodman 30 Fly is built with high-quality materials, including a reinforced fiberglass hull, ensuring robustness and durability. -

The Rodman 30 Fly is ideal for sailing enthusiasts who are looking for a high-performance, spacious, and well-equipped boat, perfect for outings with family or friends.
