Technical Details

The Gallart 1350 Fly is an elegant and high-performance cruiser designed to offer comfort and maneuverability on the water. Built by the manufacturer Gallart, this model is appreciated for its clean lines and high-quality equipment.

Main characteristics:

- Overall length: 13.50 meters -
- Width: 4.00 meters -
- Draft: 0.90 meters -
- Displacement: Approximately 15 tons -
- Fuel capacity: 1,000 liters -
- Freshwater capacity: 500 liters -

Engine: The Gallart 1350 Fly is generally equipped with powerful diesel engines, often Volvo Penta or Yanmar engines, providing a total power of 450 to 600 horsepower. These engines ensure smooth navigation and good maneuverability, even in difficult sea conditions.

Interior layout: The interior of the boat is designed to offer maximum comfort. It typically includes three cabins: a main cabin with a double bed, a forward cabin with a single bed, and an aft cabin with a single or double bed. The bathroom is equipped with a shower and electric toilets. The salon is spacious and bright, with a well-equipped kitchen.

Exterior layout: The cockpit is spacious and well-protected, with comfortable seats and a dining table. The flybridge offers a panoramic view and is equipped with seats and a control console. The boat also features a rear swim platform, ideal for water activities.

Equipment: The Gallart 1350 Fly is equipped with numerous safety and comfort features, such as radars, depth sounders, GPS systems, VHF communication systems, current generators, air conditioners, and water desalination systems.

The Gallart 1350 Fly is an ideal choice for sailing enthusiasts looking for a versatile, comfortable, and high-performance boat capable of navigating safely over long distances.
