Divers

Comments : IMX 45, cruising version, excellent interior condition (furniture, woodwork, varnish, saddlery). Deep-sea safety equipment for 6 persons (Liferaft revised in 2016)
Electronics NKE complete with JUMBO of mat foot (TL25) - Electromagnetic speedo sensor,
The program of this IMX 45 has been cruise and local regatta.
The rigging in ROD was replaced in 2015/2016. The mast and the boom and the spinnaker pole are made of carbon. In 2014 the cold block, the gas stove and the two-bladed propeller were replaced.
The saddlery of square, cabin front, back and table are of 2015.
In 2016 the RECKMANN genoa reel was completely revised.
A "Covering" of the hull was realized in 2015. Only small bemole, it will be necessary to plan an intervention on the teak of the bridge and the sale price take into account the cost of the intervention of this repair. Very nice unit to seize as rare for this price. (New price -8500? less)
