Technical Details

The Greenline 33 Hybrid, manufactured by Seaway Yachts, is a modern and eco-friendly cruising boat designed to offer an exceptional sailing experience while minimizing environmental impact. This 10.40-meter-long boat is ideal for family outings or gatherings with friends, thanks to its spacious design and numerous features.

Main Features:

- Engine: The Greenline 33 Hybrid is equipped with a Volvo Penta D3-190 diesel engine and a Torqeedo Cruise 10.0 electric motor, offering great flexibility and optimized energy consumption. -
- Capacity: With a capacity of 6 people on board, this boat is perfect for small group outings. -
- Tanks: The boat has fuel and fresh water tanks, with a capacity of 300 liters for fuel and 200 liters for fresh water, ensuring sufficient autonomy for extended cruises. -
- Dimensions: The Greenline 33 Hybrid measures 10.40 meters in length, 3.50 meters in width, and has a draft of 1.00 meter, making it easy to maneuver and moor. -
- Propulsion System: The hybrid propulsion system allows for electric mode for short trips and diesel mode for long distances, thus reducing CO2 emissions. -
- Equipment: The boat is equipped with numerous comfort and safety features, such as a GPS navigation system, radar, VHF radio, air conditioning system, and safety equipment like life jackets and a first aid kit. -
- Comfort: The Greenline 33 Hybrid offers a comfortable living space with a main cabin, equipped kitchen, bathroom with shower, and an outdoor relaxation area. -

In summary, the Greenline 33 Hybrid from Seaway Yachts is an ideal choice for those seeking an eco-friendly, spacious, and well-equipped cruising boat, offering a pleasant and environmentally respectful sailing experience.
