## Miscellaneous

Comments :Superb habitable boat - GREENLINE 33 -Year 2014 - DIESEL VERSION DIESEL VOLVO D3 of 220 HP: QUADRIVE system - reliable and economic motorization -"LOW CONSUMPTION" : example of consumption at 7 knots = 3 l / hour - 10 knots = 15 l / hour - maximum speed 16 knots about - up to date and professional engine maintenance 305 hours only -The D3 is fast, powerful, clean and quiet, making it a perfect asset for the Greenline Hybrid. More comfort and precision in the control of your starter thanks to its control of the electric gases. Nice autonomy example: 500 miles at 8 knots! READY TO NAVIGATE-REASONABLE CONSUMPTION! ----- Bow thruster and stern thruster - Electric windlass QUICK 700 Watts with 50 meters of chain + anchor 20 Kg (order from windlass inside and outside) - CE design in category B for 8 people -----

AMENAGEMENT: 2 cabins with a large transformable square or 7 beds possible - 1 bathroom with toilet (black water tank). Comfortable with hot water under pressure - AIRTONIC heating throughout the boat - open kitchen on the edge, equipped with a fridge of 135 liters, two-burner gas hob, microwave oven, large sink, plenty of storage space - The kitchen opens fully on the rear deck of the ship with a large worktop - removable rear platform (bathing range) PACK LIMITED EDITION: gray / blue shell - high quality cream carpet - indirect lighting + LED lighting - opening central window - many improvements made by the owner: addition of handrails - footboarding at the cockpit - additional varnished table at the back + 2 folding chairs - windshield windlass - swimming ladder - dinghy - cockpit awning - windscreen awning - ELECTRONICS and NAVIGATION: pilot automatic GARMIN GHC20 -GPS plotter GARMIN color screen + vhf RAYMARINE with ASN RAY49E - depth sounder -----

ADVANTAGES: Good performance at sea, the GREENLINE 33 is very stable at sea and does not roll. SECURISANT: gangway and starboard very circulating and guardrail relatively high (children) - SCARF this boat with a shallow draft and easily fails without crutches - MIXED USE: sea and river (low draft and good seakeeping) - AUTONOMY - the DIESEL VOLVO D3 engine version makes it very autonomous and powerful, 500 miles autonomy at 8 knots! it is also relatively ECOMOMIC in terms of consumption - Upkeep and upkeep for the 2019 season - READY TO NAVIGATE! Complementary information on request.
