## Technical Details

Bavaria 36 Cruiser is a cruising sailboat designed by the famous German builder Bavaria Yachts. This boat is appreciated for its balance between performance and comfort, making it an excellent choice for coastal sailing and long-distance cruising.

### Main Characteristics:

- Length Overall: 10.99 m -
- Beam: 3.65 m -
- Draft: 1.95 m -
- Displacement: 7,500 kg -
- Sail Area (upwind): 65 m<sup>2</sup> -
- Sail Area (downwind): 110 m<sup>2</sup> -
- Water Tank Capacity: 300 liters -
- Fuel Tank Capacity: 150 liters -

### Design and Construction:

The Bavaria 36 Cruiser is built with a fiberglass-reinforced polyester hull, offering great robustness and a long lifespan. The cast iron keel ensures good stability and good seaworthiness. The deck is also made of fiberglass, guaranteeing good rigidity and ease of maintenance.

### Interior:

The interior of the Bavaria 36 Cruiser is spacious and well-laid-out, offering optimal comfort for cruising. It features two double cabins, an equipped galley, a bathroom with a shower, and a comfortable salon. The finishes are meticulous, with quality materials and special attention paid to ergonomics.

### Performance:

The Bavaria 36 Cruiser is a high-performance sailboat, capable of sailing efficiently in various wind conditions. Its well-studied rigging and overall balance make it a pleasant boat to helm, both for coastal sailing and long-distance crossings.

### Safety:

The Bavaria 36 Cruiser is equipped with numerous safety options, such as watertight cabin doors, emergency lighting, and safety systems for sail maneuvers. The robustness of its construction and the quality of its materials make it a safe and reliable boat.

### Conclusion:

The Bavaria 36 Cruiser is a versatile and high-performance sailboat, ideal for cruising enthusiasts seeking a balance between comfort and performance. Its robust construction, spacious interior, and performance make it an excellent choice for coastal sailing and long-distance cruising.
