Owner's Comments

My boat has excellent seakeeping qualities. I have equipped it for fishing with numerous upgrades, and the propulsion system is perfectly maintained as I am a former marine mechanic. The Suzuki engines are set up to run on either gasoline or ethanol. I have added a 1500W solar panel, a seawater booster pump, a livewell pump, a Garmin Force Kraken electric trolling motor with electric control, and 16 rod holders.

Limitation of liability : XBOAT presents the details of the boat as supplied to us by the owner.
