## Technical Details

Airon 401 is an elegant and high-performance cruising boat, designed by Airon Marine to offer comfort and safety on the water. This model is particularly appreciated for its clean lines and modern design, making it an ideal choice for navigation enthusiasts who value both aesthetics and functionality.

**Main Characteristics:**

- Overall Length: 12.2 meters -
- Width: 3.8 meters -
- Draft: 1.2 meters -
- Displacement: 10 tons -
- Fuel Capacity: 600 liters -
- Fresh Water Capacity: 400 liters -

**Engine:** The Airon 401 is generally equipped with a diesel engine ranging from 75 to 110 horsepower, offering a good balance of power and fuel efficiency. The transmission is ensured by an inboard propulsion system, guaranteeing stable and quiet navigation.

**Interior Layout:** The boat features two double cabins, providing comfortable sleeping space for four people. The main cabin is equipped with a double bed, while the second cabin can be configured with twin beds or a double bed. The salon is spacious and bright, with a large chart table and comfortable seating.

**Navigation Equipment:** The Airon 401 is equipped with all necessary navigation instruments, including a GPS, compass, depth sounder, and radar. The dashboard is ergonomic and well-organized, allowing for easy and safe navigation.

**Safety:** The boat is equipped with several safety devices, such as life jackets, a life raft, fire extinguishers, and a smoke detection system. The hull is robust and designed to offer great stability and good resistance to impacts.

**Comfort:** For maximum comfort, the Airon 401 features a heating system, air conditioning, and a well-equipped kitchen with a refrigerator, sink, and stove. The cockpit is spacious and protected, ideal for outdoor meals or relaxation.

The Airon 401 is an ideal choice for sailors looking for a versatile, comfortable, and safe boat, capable of navigating safely on coastal waters or on long-distance cruises.
