Oven : Yes

Electric stove : No

SAT-TV : No

Divers

Comments : The Hanse 455 sailboat is a racing-cruising monohull, built by the Hanse Yachts shipyard. This sailboat is 13.95 m long with a maximum draft of 2.25 m. Production started in 2014. Adriatic Boat of the Year 2015 and nominated among the Best Boats 2016 in Sail Magazine, the Hanse 455 was designed by Fietje Judel. This sailboat is suitable for a reduced crew or more and provides a feeling of space and safety thanks to one of the largest cockpits for its category. Its XXL sundeck in front of the foot of the mast will satisfy the occupants of the 3 cabins of the sailboat.

This HANSE 455 from 2017 has only had one owner and is particularly well maintained. It is a version with 3 cabins and 2 heads with separate shower, a large saloon convertible into a large berth, an L-shaped galley equipped with a 3-burner stove + oven, a large refrigerator, and a double sink with hot/cold water mixer tap. It is perfectly equipped for offshore navigation without worrying about energy and communication logistics (5x 100Ah Lithium batteries, LiFePO brand "Cegesa" Enerlit model with internal BMS, 4 walk-on solar panels on deck bow, 2 tilting solar panels on the railing, 1 solar panel on the bimini and 1x solar panel on the hood Total approx 1075Wp (S440M34 Marine series solar panel, Victron Monitor solar panel, Büttner MT SM 190 solar panel, Büttner MT Flat Light SM-FLq 150W solar panel, Victron solar panel, 4 walkable solar panel), Superwind SW 350 Silent Power 12V, 350W wind turbine, Watt&Sea Cruising 600W StB & BB hydrogenerator (change) and a kill switch to turn off the generator, desalinator). All B&G electronics do not require any additional equipment. The sails and accessories have been designed to allow duo sailing. Comfort on board: Cockpit upholstery, gas plancha, DOMETIC 12 volt freezer, coffee machine, bread machine, etc ..Complete inventory on request.

He is ready to sail. EU VAT is paid for this boat.
