The Neel 43 is a quick and safe trimaran, easily maneuverable in reduced crew. Its passage in the sea, its performance and its comfort are remarkable.

Inside, the good distribution of volumes, fluid circulation and high light make it a unique living space.

It can accommodate up to 10 people with a square and a cockpit that communicates very easily.

The bar position is ergonomic and has a triple seat, accessible from the cockpit or the bridge. We find the Cocklooln® effect thanks to the wide opening between the cockpit and the square.
