GARMIN is a leading global provider of navigation, communication, fishfinding and wearable technology. Since 1989, GARMIN has pioneered new GPS navigation and wearable technologies and, by leveraging the latest advances in sensor technology, wireless connectivity and application development, has created a diverse product portfolio that supports activities on the land, in the air and on the water.

GARMIN's marine business unit offers a full range of chartplotters, fishfinders, autopilots, instruments, radars, communications products, and sailing solutions to meet the needs of recreational and professional boaters alike. Our products are designed to enhance safety, increase efficiency, and provide unparalleled situational awareness, whether you're navigating coastal waters, crossing oceans, or exploring remote inland lakes.

At the heart of GARMIN's marine technology is a commitment to innovation and quality. Our chartplotters, such as the GPSMAP series, feature advanced charting capabilities, including built-in Garmin BlueChart® g3 charts, which provide industry-leading coverage and detail. Fishfinders like the echoMAP series offer cutting-edge sonar technology, including CHIRP sonar and ClearVü/SideVü scanning sonar, to help anglers locate fish and structure with precision. Our autopilots, including the new Reactor hybrid drive, deliver responsive performance and ease of use, ensuring a smooth and controlled voyage.

In addition to our core marine products, GARMIN offers a range of communication solutions, such as the VHF 100 and VHF 200 radios, which provide clear and reliable communication at sea. Our radars, like the Fantom 18 and 24, offer advanced target detection and tracking capabilities, enhancing safety and navigation in all weather conditions. For sailors, GARMIN provides comprehensive sailing solutions, including instruments, displays, and autopilots specifically designed to meet the unique needs of sailing vessels.

GARMIN's dedication to innovation extends to our software and connectivity solutions. The ActiveCaptain app allows users to access charts, plan routes, and share data with their marine electronics. Our Marine Network capabilities enable seamless integration and communication between GARMIN devices, ensuring that all your marine electronics work together harmoniously.

Whether you're a recreational boater, a professional angler, or a

seasoned sailor, GARMIN has the technology and solutions to enhance your time on the water. Our commitment to quality, innovation, and customer satisfaction ensures that GARMIN products are trusted by boaters worldwide.

For more information about GARMIN's marine products and technologies, visit our website or contact your local GARMIN dealer. Experience the difference that GARMIN technology can make on your next voyage.]

Owner's Comments

..

Description of the Bénéteau Antarès 8 OB

My **Bénéteau Antarès 8 OB** from **2020**, powered by an **outboard YAMAHA 200 HP** engine with only **80 hours** of use, represents the perfect balance between **elegance**, **marine performance**, and **versatility** in the range of motorboats.

Design and Comfort

Featuring a **modern design** and **clean lines**, this boat offers a remarkable aesthetic that skillfully combines contemporary style with optimal functionality. The **Antarès 8 OB** boasts a **well-laid-out deck**, with a **spacious cockpit**, **comfortable seating**, and **relaxation areas**, creating a welcoming atmosphere for sea cruises.

Interior Layout

Inside, the boat reveals an **intelligent layout** with:

- **Well-appointed cabins**
- **A bright saloon**
- **A fully equipped galley**

This provides optimal comfort for outings with family or friends.

Performance and Versatility

Praised for its **dynamic marine performance** and **precise maneuverability**, the **Antarès 8 OB** is designed to meet the expectations of discerning boaters. Whether for **relaxed coastal excursions**, **exciting fishing activities**, or **more extensive sea adventures**, this motorboat embodies a harmonious blend of modern design, versatility, and power, promising an exceptional nautical experience for high-end navigation enthusiasts.

Technical Specifications

Here are some additional technical specifications:

- **Length:** 6.98 m
- **Beam:** 2.76 m
- **Minimum draft:** 0.80 m
- **Material:** GRP Poly
- **Berth availability:** Yes, available

Main Equipment

This boat is equipped with numerous accessories for your comfort and safety:

- **Bow thruster:** Yes
- **Autopilot:** Garmin
- **Depth sounder:** Garmin
- **GPS:** Garmin
- **Electric windlass:** Yes
- **Stern platform:** Yes

Why the Bénéteau Antarès 8 OB is an interesting buy?

The **Bénéteau Antarès 8 OB** is an exceptional boat that combines elegance, performance, and versatility. Its modern design and clean lines make it aesthetically remarkable, while offering optimal comfort for sea outings. With its cutting-edge equipment and intelligent layouts, it is perfect for coastal excursions, fishing activities, or sea adventures. Its powerful engine and dynamic marine performance make it an ideal choice for discerning boaters.
