FURUNO est une entreprise japonaise spécialisée dans la fabrication d'équipements de navigation et de communication maritime. Fondée en 1938, FURUNO est reconnue pour ses radars, ses systèmes de navigation, ses sondeurs et ses équipements de communication. La société propose une large gamme de produits destinés aux navires de commerce, aux yachts de plaisance et aux bateaux de pêche. Parmi ses produits phares, on trouve les radars FURUNO, réputés pour leur précision et leur fiabilité, ainsi que les systèmes de navigation intégrés qui offrent des solutions complètes pour la sécurité et l'efficacité en mer. FURUNO est également impliquée dans le développement de technologies avancées pour la navigation autonome et la gestion des flottes.

FURUNO's product range includes:- Radars: NavPilot-711C, NavPilot-3000, NavPilot-711C, NavPilot-711C, NavPilot-711C- Fish finders: FCV-295, FCV-1150L, FCV-2000L- Chart plotters: TimeZero, NavPilot-711C- Communication systems: FELCOM-21, FELCOM-18, FELCOM-16- AIS systems: FA-30, FA-50, FA-100- Autopilots: NavPilot-711C, NavPilot-3000, NavPilot-711C

FURUNO is committed to providing innovative solutions that enhance maritime safety, efficiency, and sustainability. The company's products are designed to meet the needs of professional mariners, recreational boaters, and fishing enthusiasts alike. With a strong focus on research and development, FURUNO continues to push the boundaries of maritime technology, ensuring that its customers have access to the latest and most reliable equipment available. FURUNO's dedication to quality and innovation has earned it a reputation as a trusted partner in the maritime industry. Whether you are navigating the open seas or fishing in coastal waters, FURUNO's advanced technology and reliable products are designed to support your needs and enhance your experience on the water. For more information about FURUNO's products and services, visit their official website or contact a local dealer. FURUNO is more than just a manufacturer of maritime equipment; it is a pioneer in the field of navigation and communication technology. With a legacy spanning over eight decades, the company has consistently delivered cutting-edge solutions that have shaped the future of maritime navigation. From its humble beginnings in Japan, FURUNO has expanded its reach globally, providing maritime professionals and enthusiasts with the tools they need to navigate the world's waters safely and efficiently. In addition to its core products, FURUNO offers a range of services and support to ensure that its customers get the most out of their equipment. These services include installation, maintenance, and training, as well as technical support and customer service. FURUNO's commitment to customer satisfaction is evident in its comprehensive approach to

support, ensuring that mariners have the resources they need to operate their equipment effectively and safely. FURUNO's impact on the maritime industry is undeniable. The company's innovative products and dedication to quality have set new standards for maritime navigation and communication. As the industry continues to evolve, FURUNO remains at the forefront, driving progress and innovation in maritime technology. Whether you are a seasoned mariner or a recreational boater, FURUNO's products and services are designed to meet your needs and exceed your expectations. In conclusion, FURUNO is a leading provider of maritime navigation and communication equipment, renowned for its quality, innovation, and reliability. With a rich history and a commitment to excellence, FURUNO continues to shape the future of maritime technology, providing mariners with the tools they need to navigate the world's waters safely and efficiently. Owner's Comments

Description of the Nauticat 52

The **Nauticat 52** is a **monohull cruising sailboat**, designed by naval architect **Sparkman & Stephens** and built by the Finnish shipyard **Siltala Yachts** starting in 1981. It is particularly appreciated for its **robustness**, **seaworthiness**, and its ability to sail safely over long distances.

Main Specifications

- **Length Overall (LOA):** 15.59 m
- **Waterline Length (LWL):** 12.06 m
- **Beam:** 4.57 m
- **Draft:** 2.40 m
- **Mast Height** (from waterline): 21.34 m
- **Displacement:** 25,401 kg
- **Keel:** 6,895 kg (Fixed keel with full-length skeg-hung rudder)
- **Construction:** Fiberglass (FG)
- **Rigging:** Ketch with masthead rig
- **Total Sail Area:** 93.09 sq m
- **Jib:** 57.29 sq m
- **Mainsail:** 35.75 sq m
- **Fresh Water Tanks:** 2,000 L

Maintenance and Equipment

I purchased this **Nauticat 52** in the fall of 2024 in a dry dock and relaunched it in mid-April 2025 after a **complete overhaul**. Here are the works carried out:

- Hull cleaned and polished
- Full antifouling with new anodes
- Engine drained and new filters
- New stuffing box

- Propeller shaft inspected
- Electrical system updated and new main mast wiring
- Lithium batteries
- 2 x 300W solar panels
- New wind vane
- New fenders
- Partially new running rigging

The boat is equipped with a **100m anchor rode** on a **40kg anchor**. It also features the following electronic equipment:

- Fixed VHF ASN RADIO OCEAN RO 6800 AIS
- Fixed VHF ICOM IC M 401
- AIS CTRX Class B
- EPIRB beacon MC MURDO MC3
- 2 x Heads, one electric and one manual

Layout and Comfort

The **Nauticat 52** offers a spacious and well-designed layout, with an **owner's cabin** forward or aft, **guest cabins**, a **well-equipped galley**, a **comfortable salon**, and a **protected interior helm station**. This sailboat is ideal for long-distance cruising or liveaboard life due to its stability and comfort.

Why the Nauticat 52 is a Great Buy

The **Nauticat 52** is an exceptional sailboat that combines robustness, comfort, and performance. Its design by **Sparkman & Stephens** and construction by **Siltala Yachts** make it a reliable and safe boat for long cruises. Moreover, the recent upgrades and rigorous maintenance ensure that this sailboat is in excellent condition, ready to sail safely and comfortably. Its spacious layout and modern equipment make it an ideal choice for sailing enthusiasts seeking to embark on sea adventures.
