## Owner's Comments

KING RANSOM is a Matrix-built sail catamaran launched in 2007, featuring exceptional craftsmanship and striking a perfect balance between volume, performance, and design-far exceeding standard mass-produced yachts. With a beam of 11.50 meters and a displacement under 50 tonnes, it represents a rare find on the market, especially with its sought-after layout: five double cabins (including the owner's suite) plus crew quarters. The expansive, panoramic saloon, framed by vast glazed surfaces, boasts exceptional brightness and breathtaking sea views. Adjacent to the saloon, the full-beam owner's suite with a spa enjoys uninterrupted forward-facing panoramas, flanked by four additional double cabins. The portside galley in the passageway is outstanding, as are the dedicated crew quarters, ensuring privacy and mutual respect between the owner and their staff. The aft cockpit and flying bridge provide comfortable lounging areas, while the optimised, streamlined deck layout ensures effortless handling, even with minimal crew-facilitated in part by its furling boom. A formidable contender on the market, not to be missed in the Med
