SAT-TV : No

Owner's Comments

This Yarding 42 flybridge from the Yarding Yachts shipyard (Ferretti and Jeanneau) is for sale. The engines were replaced in June 2009 with 2x450hp new IVECO common rail engines, model N67ENTH4510 (20% reduction in fuel consumption) by the current owner. The invoice for this replacement is available. The Yarding 42 flybridge, jointly manufactured by Yarding and Jeanneau, has the advantage of being less than 4 metres wide, less than 13 metres long, and featuring three double cabins. Fuel tank bottom recovery system installed to ensure clean fuel at engine intake. Dual filtration system with selector. Fuel tanks: 1,900 litres. 6KVA generator. 80A battery charger. Bow thruster - Water tank: 450 litres (stainless steel) plus 200 litres flexible. Swim platform: dinghy lifting system with motorised winch. A berth is available in a pleasant marina in the Balearic Islands. Recent price reduction. Yarding Yacht motor yachts were created by Jeanneau and the Italian Ferretti Craft. This European shipyard, which combined French production technology with Italian design, no longer exists and was ultimately absorbed by Jeanneau.
