## Owner's Comments

This Yarding 42 flybridge from the Yarding Yachts shipyard (Ferretti and Jeanneau) is for sale. The engines were replaced in June 2009 with two new IVECO common rail engines, each with 450hp, referenced as N67ENTH4510 (20% reduction in fuel consumption) by the current owner. The invoice for this change is available. The Yarding 42 flybridge, jointly manufactured by Yarding and Jeanneau, offers the advantage of being less than 4 meters wide, less than 13 meters long, and having three double cabins. A system for recovering fuel tank residues has been implemented to ensure clean diesel for engine intake. Dual filtration system with selection option. Diesel tanks: 1900 liters. Generator: 6KVA. Battery charger: 80A. Bow thruster. Water tank: 450 liters (stainless steel) plus 200 liters flexible. Aft platform: lifting system for tender with motorized block. A berth is available in a pleasant port in the Balearic Islands. Recent price reduction. The Yarding Yacht motor yachts were created by Jeanneau and the Italian Ferretti Craft. This European shipyard, which combined French production technology with Italian design, no longer exists and has been ultimately absorbed by Jeanneau.
