Technical Details

Dufour 34 Performance

The Dufour 34 Performance is a cruising sailboat designed to offer a good compromise between performance and comfort. This boat is ideal for sailors who seek a dynamic sailing experience while enjoying a pleasant living space. Here are the main technical characteristics and strong points of this model.

Main Characteristics:

- Length Overall: 10.34 meters -
- Beam: 3.40 meters -
- Draft: 2.30 meters (long keel) -
- Displacement: Approximately 5,500 kg -
- Sail Area (close-hauled): Approximately 57 m² -
- Sail Area (reaching): Approximately 107 m² -
- Architect: Umberto Felci -
- Builder: Dufour Yachts -
- Year of Construction: 2003-2009 -

Performance and Maneuverability:

The Dufour 34 Performance is equipped with a long keel that ensures good stability and excellent sea keeping. The sail plan is generous, allowing for respectable performance under sail. The cockpit is spacious and well-designed, offering good ergonomics for maneuvers.

Onboard Comfort:

Inside, the Dufour 34 Performance offers a comfortable living space with a main cabin, a well-equipped galley, and accommodation for 6 people. The finishes are carefully done, and the interior layout is functional, making it an excellent choice for family or friends' cruises.

Safety and Robustness:

Built with quality materials, the Dufour 34 Performance is a robust and reliable sailboat. The safety systems are well-thought-out, and the boat is designed to withstand various navigational conditions.

Conclusion:

The Dufour 34 Performance is an excellent choice for sailors seeking a performant and comfortable sailboat. With its solid technical characteristics and well-thought-out design, this boat is ideal for coastal cruises and offshore sailing.
