## Technical Details

Nouanni 45 DI is a cruising sailboat designed by Chantier Garcia, renowned for its robust and elegant constructions. This model is particularly appreciated for its sea performance and onboard comfort.

Main characteristics:

- Overall length: 14.00 meters -
- Hull length: 13.40 meters -
- Beam (width): 4.30 meters -
- Draft (depth): 2.50 meters -
- Displacement: 15 tons -
- Sail area (close-hauled): 95 m<sup>2</sup> -
- Sail area (reaching): 150 m<sup>2</sup> -
- Water tank capacity: 600 liters -
- Fuel tank capacity: 200 liters -

**Design and construction:** The hull of the Nouanni 45 DI is constructed from fiberglass-reinforced polyester, offering excellent resistance and durability. The deck is also made of polyester, with strategic reinforcements for better rigidity.

**Interior:** The interior of the Nouanni 45 DI is spacious and well-designed, with high-quality finishes. It features three double cabins, each with comfortable beds and abundant storage. The bathroom is equipped with a separate shower and electric toilets.

**Performance:** Thanks to its sleek design and long keel, the Nouanni 45 DI offers excellent stability and impressive sailing performance. It is capable of navigating efficiently in various wind and sea conditions.

**Equipment:** The boat is equipped with numerous modern amenities, including an electronic navigation system, complete onboard instrumentation, and advanced safety systems. It also features a powerful auxiliary engine for maneuvers in port and calm conditions.

**Usage:** The Nouanni 45 DI is ideal for long cruises and extended voyages. It offers an excellent balance between performance, comfort, and safety, making it a popular choice among experienced sailors and cruising enthusiasts.
