Owner's Comments

The Guy Couach 1600 are very marine boats.

He navigates regularly, maintained.

Like any a little old boat, it may require maintenance before considering long distances.

3 electrical orders (wheelhouse + fly + cockpit) and manual help controls, propellant remote control -

Opacmar hydraulic gateway. 2 water groups. 10 new portholes. Very equipped kitchen.

The arrangements are in perfect condition.

These engines making more than 50 fiscal horses each, the boat enters the category of boats not the subject of reduction for seniority under the French flag. The annual tax to keep the flag under the French pavilion is therefore high.
