Technical Details

The Garcia Nouanni is an aluminum cruise boat designed to offer an ideal combination of robustness, performance, and comfort. Manufactured by Garcia Aluminium, this boat is renowned for its high-quality construction and ability to navigate in various conditions.

Main Features:

-
- Material: Aluminum, offering exceptional durability and corrosion resistance.
-
-
- Overall Length: Approximately 12 meters, providing good maneuverability while offering a comfortable living space.
-
-
- Width: Approximately 3.80 meters, ensuring stability and a spacious interior.
-
-
- Draft: Approximately 1.80 meters, suitable for navigation in shallow waters.
-
-
- Displacement: Approximately 10 tons, guaranteeing good stability and seaworthiness.
-
-
- Sail Area: Approximately 70 m², allowing for good sail performance.
-
-
- Engine: Generally equipped with a 50 to 75 HP diesel engine, providing good power for maneuvers and movements.
-
-
- Tanks: Sufficient water and fuel capacity for long cruises, often around 400 liters of water and 300 liters of fuel.
-
-
- Interior Layout: Comfortable with several cabins, a well-equipped kitchen, and spacious living areas.
-
-
- Equipment: Equipped with modern navigation systems, communication systems, and various safety equipment.
-

The Garcia Nouanni is XBOAT's choice for responsible cruising, offering a high level of technical excellence and reliability. XBOAT has been verified by the Bureau Veritas classification society, ensuring the highest standards of safety and quality. This information is non-contractual and does not, in any way, bind XBOAT.
