Divers

Comments : FINITION AVANTAGE It stands out by his eldest wider carene forty centimeters and a very fine thruster which ensures a smooth transition without hits in a swell. The A11 was designed to meet the dual fishing and cruise program . The wheelhouse is very light thanks to a panoramic windscreen which offers stunning sea views. Functional , and decorated with sobriety and good taste , it hosts a kitchenette installs level with the helm and the square . For cruising , A11 has two double cabins providing four beautiful beds. Finally, his fly is huge and receives a large sundeck and sitting area . This is a feature which is an excellent compromise between cruising and fishing.
