Heating details :
Dishwasher : No
TV : No

IceMaker : No
Oven : No
Gas stove : Yes
Heater : No
Washing machine : No
TV antenna : No
SAT-TV : No

Owner's Comments

When the Chris Craft 412 Amerosport was introduced in 1987, it was one of the largest production express cruisers available on the market. Like most Chris Craft models of its era, it was built on a solid fiberglass hull with a moderate beam and a shallow keel. This Chris Craft 412 Amerosport maintains a steady speed of 17 to 18 knots and offers a top speed of around 29 knots. The YANMAR diesel engines were installed in 2012 and have only 700 hours. Fuel consumption is moderate for a boat of this size. The owner states that at 20 knots, consumption is 30L/h per engine. This Chris Craft 412 Amerosport is available for viewing by appointment. Possible transfer of the boat's mooring lease (AOT: ?407/year). Annual customs duties for this CHRIS-CRAFT 412 with 2*440hp are ?453. Choosing a Chris Craft 412 Amerosport offers several distinct advantages over its competitors. Here are some reasons and benefits that may influence this decision: 1. Reputation and History Chris Craft is an iconic brand in the boating world, with a long history dating back to the early 20th century. The brand is recognized for the quality and design of its boats, adding value in terms of prestige and trust. 2. Build Quality Chris Craft boats are renowned for their robust and high-quality construction. The 412 Amerosport benefits from top-tier materials and advanced construction techniques, ensuring exceptional durability and performance. 3. Design and Aesthetics The Chris Craft 412 Amerosport stands out with its classic and elegant design, featuring clean lines and refined finishes. The attention to detail in both interior and exterior design makes it highly appealing to boating enthusiasts who value aesthetics as much as functionality. 4. Comfort and Layout The 412 Amerosport offers a spacious and luxurious interior, with well-appointed cabins, a fully equipped galley, and comfortable living spaces. These features make it an excellent choice for extended cruising and onboard comfort. 5. Nautical Performance Equipped with powerful engines and modern navigation systems, the 412 Amerosport delivers impressive nautical performance. Its handling, stability, and speed make it a versatile boat, suited to various navigation conditions. 6. Resale Value Chris Craft boats tend to retain their value better than many other brands. This stability in the second-hand market can be an important factor for buyers concerned with long-term investment. 7. Support and Community As a Chris Craft owner, you benefit from the support of a passionate owner community and a network of after-sales services. This can facilitate maintenance and repairs, as well as access to advice and resources. Comparison with Competitors When comparing the Chris Craft 412 Amerosport to competitors in the same category, several points stand out: Aesthetics and Design: Chris Craft's design quality is often superior, with a particular attention to detail that may be lacking in some competitors. Durability and Construction: The construction techniques used by Chris Craft offer durability and reliability that are often superior. Resale Value: Chris Craft boats generally retain their value better in the second-hand market. Heritage and Prestige: The Chris Craft brand benefits from a historical prestige that few competitors can match. Conclusion By choosing a Chris Craft 412 Amerosport, you opt for a boat that combines elegance, performance, and build quality, while benefiting from the reputation and support of a legendary brand. These combined factors make it an attractive option for discerning boating enthusiasts seeking the best in style, comfort, and value.
