Technical Details

The Bavaria 37 Cruiser is an elegant and high-performance cruising sailboat, designed to offer comfort and maneuverability. Built by the German manufacturer Bavaria Yachts, this boat is appreciated for its robustness and modern design. Here are the main characteristics and technical details of the Bavaria 37 Cruiser:

- Overall Length: 11.30 meters -
- Hull Length: 10.90 meters -
- Beam: 3.62 meters -
- Draft: 1.90 meters -
- Displacement: 7,500 kg -
- Fuel Capacity: 150 liters -
- Fresh Water Capacity: 300 liters -

The Bavaria 37 Cruiser is equipped with an inboard diesel engine of 29 HP, offering good range and moderate fuel consumption. The cockpit is spacious and well-designed, with comfortable seating and an ergonomic dashboard. The cabin is bright and well-ventilated, with high-quality finishes and ample storage space.

The sailing performance is excellent, thanks to a well-balanced hull and high-quality sails. The Bavaria 37 Cruiser is also equipped with modern safety systems, such as distress beacons and advanced navigation systems.

In summary, the Bavaria 37 Cruiser is a versatile sailboat, ideal for family or friends cruises, offering a good balance between comfort, performance, and safety.
