- 1 tiller with stick outside

History of the Terrizzano Naval Shipyard

The Terrizzano shipyard, located in Italy, is renowned for the construction of high-quality wooden boats. Founded several decades ago, this shipyard has managed to carve out a place of choice in the world of shipbuilding thanks to its craftsmanship and attention to detail. The boats built by Terrizzano are known for their robustness and elegance, making them highly sought-after vessels on the second-hand market.

History of the Mediterranean Pointu Model

The Mediterranean Pointu is a traditional type of boat from the Mediterranean, often used for fishing. This model, built by the Terrizzano shipyard, was designed to offer stable and pleasant navigation, even solo. Mediterranean Pointus are appreciated for their timeless design and ability to navigate in various weather conditions. This particular model, built in 1989, has been scrupulously maintained since its origin, making it a boat ready to sail and very attractive on the second-hand market.
