Technical Details

Marseille Boat is a traditional boat that evokes the maritime history of Marseille. Known for its elegance and robustness, this boat is ideal for lovers of classic sailing and maritime heritage enthusiasts.

Main Characteristics:

- Type: Traditional fishing barque -

- Length: Approximately 8 to 10 meters -

- Beam: Approximately 2.5 to 3 meters -

- Draft: Shallow, suitable for shallow waters -

- Construction Material: Wood (often oak or pine) -

- Sails: Sloop rig with a large mainsail and a small staysail -

- Capacity: Generally designed for 2 to 4 people -

- Motorization: Often equipped with an auxiliary engine for maneuvers in port or in case of light winds -

Performance and Maneuverability:

- Cruising Speed: Approximately 4 to 6 knots under sail -

- Stability: Excellent stability thanks to its wide wooden hull -

- Maneuverability: Easy to maneuver, ideal for family outings or with friends -

Usage:

- Leisure: Perfect for coastal cruises and sea outings -

- Competitions: Possible participation in traditional boat regattas -

- Education: Used for learning traditional navigation -

Maintenance:

- Materials: Requires regular maintenance to preserve the wood and rigging -

- Storage: Can be kept in the water or stored on land with an adapted cradle -

The Marseille Boat is a boat that combines tradition and performance, offering a unique and authentic sailing experience.
