Technical Details

The Eurobanker 38 Trawler is a cruise boat designed by Eurobanker Marine, a renowned shipbuilder based in Taiwan. This model is particularly appreciated for its robustness, comfort, and sea performance. Here are some of its main characteristics:

- Length overall: 11.58 meters -

- Beam: 3.66 meters -

- Draft: 1.22 meters -

- Displacement: Approximately 12 tons -

- Fuel tank capacity: 1,000 liters -

- Freshwater tank capacity: 600 liters -

The Eurobanker 38 Trawler is equipped with reliable diesel engines, often Yanmar or Cummins, providing sufficient power for long and comfortable navigations. The fiberglass hull is designed to withstand the most demanding marine conditions, ensuring great durability and excellent stability.

Inside, the boat offers a spacious and well-appointed living space. The cockpit is designed to provide excellent visibility and easy access to controls. The main cabin is equipped with comfortable beds, a well-equipped kitchen, and a complete bathroom. Customization options are available to meet the specific needs of owners.

The Eurobanker 38 Trawler is ideal for cruising enthusiasts seeking a reliable, comfortable, and high-performance boat. Whether for coastal voyages or ocean crossings, this boat offers all the necessary characteristics for safe and serene navigation.
