Owner's Comments

Trimaran Pulsar 26 Built talks about CTI Site for the central shell, the two floats and the liaison beams. (1st launching in 2015). Finish, poses overwhelming made by the current owner who took this boat through the Golf de Gascogne, Spain and Ireland. It is a bicycle sailboat, on and very well constructed. Of a versatile use, he will be able to satisfy his future owners for both small navigations in shallow waters and to navigate to more distant islands.

Equipped with a swivel mat, a jam car Vireur, and an outdoor end, you can navigate 14 -knots. The energy on board is provided by a 95 Ah battery, connected to a solar panel and the alternator of the 6 CV 4TPS 4TPS 4TPS engine of 2020. The lively works are covered from the origin by 5 layers of epoxy plaster. A double berth at the front and two simple berths in the square, a navigation corner with a SHIPMATE ASN-CDS VHF/AIS receiver, a Loch/Bidata Raymarine ST30 sounder, and an automatic Raymarine ST2000+ driver completes the equipment of the boat. The armament is semi upper hand with a survival raft 4 place of 2022.
