#### **Owner's Comments**

This WAUQUIEZ 47 PILOT SALOON cruising sailboat offers a great pleasure of sailing thanks to the performance level of its equipment and the comfort of its accommodations. A detailed description of the equipment is available upon request. This WAUQUIEZ 47 PILOT SALOON is a robust sandwich polyester construction, with teak deck and cockpit. The boat is rigged with 3 sails (Mainsail, genoa, and staysail) HYDRANET tri-radial cut, on furling systems, and a GENNAKER on a furler. The maneuvers are facilitated with 3 electric winches ANDERSEN. All maneuvers are led back to the cockpit. The skipper has 2 steering wheels at the cockpit. The layout of the helm stations is secure. The cockpit can be completely enclosed with its cockpit tent. The navigation electronics are complete, duplicated at the chart table and at the cockpit. The boat has the necessary safety equipment for offshore sailing (AIS, iridium, GPS trackers, EPIRB, ...) The engine with a power of 110 HP ensures a good cruising speed. The boat has a high electrical production capacity with its shore power inlet, a 4KW generator, a 12/220V - 2000 W converter, 4 solar panels (2 x 140W + 2 x 355W), 2 12/220V converters for computers, a second 100 A alternator coupled to the engine ... The engine and the generator are easily accessible under the saloon floor. The accommodations consist of a saloon, and 3 double cabins, a galley. The saloon is at the bottom of the companionway, the height of the deck of the WAUQUIEZ 47 PILOT SALOON allows to keep the outside view while sitting at the table. The spacious owner's cabin is aft, with its dedicated head, a settee, and a desk. Forward, there is a double cabin, a cabin with 2 bunk beds to starboard, and a head to port. All bunks are equipped with anti-roll lee cloths. The galley is arranged in the passageway leading to the aft cabin. The numerous equipment of the WAUQUIEZ PILOT SALOON provides quality comfort: varnished woodwork, desalinator, large fresh water capacity, stainless steel hot water tank, WEBSTO water heating. ... The dinghy is propelled by an electric motor. Do not hesitate to request the detailed description of the equipment.
