Owner's Comments

Grement Rod 2023, Hauturier Equipment with Epirb tag, Bimini 2023, GPS 9 inch of 2024, 70,000 euros in invoices in two years, carbon wheel bar

The 2004 Dufour 44 is a powerful and comfortable cruising sailboat, which combines elegance and functionality. It is a model appreciated by boaters in search of a boat that is both spacious and handy. Here are some points that characterize this sailboat:

Design and construction:

The Dufour 44 is designed to provide good stability at sea and good performance in a wide range of conditions. It is well balanced, with a relatively deep keel, which allows better maneuverability, particularly in strong wind. The construction is solid and the quality interior finish.

The cockpit is spacious, with easy access to all maneuvers. It is well designed to offer comfort and safety, with fairly wide benches and a cockpit that allows you to move well on board. The exterior design of this boat reflects the clean and modern lines characteristic of Dufour.

The interior of Dufour 44 is one of the major advantages of this model. With a beautiful height under Barrot and modern arrangements, it can comfortably accommodate up to six people. The living room is bright and well appointed, with a functional kitchen. The cabins are spacious, and the bathroom, although small, remains practical and well equipped.

In terms of performance, Dufour 44 is a good compromise between comfort and sportiness. This sailboat is pleasant to block, and it responds well to the wind. Its speed is not the fastest among cruising sailboats, but it remains stable and reassuring at sea. The Dufour 44 can keep up fairly tight and, with an experienced crew, it can perform over long distances.
