Oven : Yes

Gas stove : Yes

Heater : No

Washing machine : No

TV antenna : No

SAT-TV : No

Owner's Comments

I am selling my Bavaria 42, first owner, 3-cabin version, mainsail on cars, furling genoa... This Bavaria 42 has known only one family who has just decided (reluctantly) to sell it for age reasons. You will find, if you come to see it, a number of things to do. I leave the buyer the freedom to plan these things after the purchase such as: replacing a set of sails, replacing the Sail drive seal, some small cosmetic work here and there, but overall the boat deserves your attention all the more as the price displayed is very attractive today. The interior upholstery and floors have always been protected and therefore in good condition. The BAVARIA 42 is built according to the A design category, "Offshore" (Aa module). This design category requires that the sailboat be suitable for long cruises with winds above 8 (Beaufort scale) and waves of more than 4 meters, thus allowing it to navigate largely by its own means. This also means that the manufacturer certifies itself the compliance of the construction and equipment with the directives, but that the stability and freeboard, as well as the buoyancy and flotation, have been checked by an approved control body.

Limitation of liability : XBOAT presents the details of the boat as supplied to us by the owner.

Owners may make errors or changes without notifying us. This information is not contractual and does not bind XBOAT in any way. It cannot be opposed by a visitor or a buyer.
