Owner's Comments

The owner states: "This Flyer Gran Turismo 34 is equipped with a 140W solar panel. As the entry-level model in the Express Cruiser range, the Gran Turismo 34 features a sleek design, meticulous finishes, and unparalleled handling thanks to its AirStep® hull. The separate aft cabin enjoys a wide opening to the sea via the panoramic porthole. This cabin offers a spacious volume, notably due to its maximum headroom of 1.94m. At the bow, the traditional U-shaped saloon converts into a double berth, providing an additional sleeping area."
