History of the Jeanneau Shipyard

The **Jeanneau** shipyard was founded in **1956** by Henri Jeanneau in France. Initially focused on the construction of powerful motorboats, Jeanneau began producing sailboats much later. Today, Jeanneau is one of the largest sailboat manufacturers in the world, with an annual production of over 4,000 boats, including 1,200 sailboats of various sizes. The shipyard is renowned for its innovations and the quality of its constructions, making it a leader in the nautical industry.

History of the Sun Odyssey 37 Model

The **Sun Odyssey 37** was designed by **Jacques Fauroux** and was first launched in **1998**. This model was developed to succeed the popular Sun Odyssey 36.3 and quickly gained popularity due to its performance and comfort. The Sun Odyssey 37 is known for its versatility, being suitable for both family cruising and charter work. It has been one of Jeanneau's most successful models, with a production run that lasted several years.

Why this Sun Odyssey 37 is interesting to buy?

The **Sun Odyssey 37** is an exceptional sailboat for several reasons. First, it offers an excellent balance between performance and comfort, making it an ideal choice for family or friends cruising. Additionally, this model is equipped with numerous features that enhance the sailing experience, such as a **bow thruster**, an **autopilot**, and an **electric windlass**.

This Sun Odyssey 37 is also in excellent condition, with recent updates such as the change of the canopy vinyls in **July 2023** and the bimini seam revision in **October 2020**. Additionally, it is equipped with numerous safety and comfort features, such as life jackets, an outdoor shower, and a water heater.

Finally, the Sun Odyssey 37 is a proven and appreciated model, with a long history of success. It offers excellent seakeeping and pleasant sailing, making it a safe investment for sailboat enthusiasts.
