Owner's Comments

We acquired this launch in the Netherlands, where it was formerly used for rescue operations in the Wadden Sea, a vast coastal area located between the Netherlands, Germany, and Denmark. Extremely efficient, very bright, and with a particularly well-managed air/water draft, it performs exceptionally well on canals but is also fully seaworthy. Featuring 2 double cabins and a convertible saloon, there is no issue sharing superb sailing experiences on board. We have maintained it with constant care, and the previous owners did the same. In recent years, everything has been redone: hull paint, deck paint, interior paneling, electrical system, hydraulic steering system, gearbox... We part with it regretfully, confident that new owners will experience exceptional moments aboard.
