Technical Details

The Princess 398 is an elegant and high-performance cruising yacht, designed by Marine Project, a renowned manufacturer known for its expertise in shipbuilding. This used boat is ideal for those seeking a perfect balance between luxury, comfort, and performance.

Main Characteristics:

- Length Overall: Approximately 12.19 meters (39 feet 8 inches) -
- Beam: Approximately 3.81 meters (12 feet 6 inches) -
- Draft: Approximately 0.91 meters (3 feet) -
- Displacement: Approximately 14 tons -
- Fuel Capacity: Approximately 1,000 liters -
- Fresh Water Capacity: Approximately 400 liters -

Engine: The Princess 398 is typically equipped with powerful diesel engines, often MAN or Cummins, providing a total power of approximately 710 horsepower. These engines allow the boat to reach a comfortable cruising speed of 24 knots and an impressive maximum speed of 30 knots.

Interior Layout: The interior of the Princess 398 is designed to offer maximum comfort. It generally includes two cabins, with a master suite at the bow featuring a double bed and a private bathroom. The aft cabin can be configured with twin beds or a double bed. The salon is spacious and bright, with a large window offering a stunning view of the exterior.

Equipment: The Princess 398 is well-equipped for extended sea trips. It often includes a modern navigation system, radar, GPS, sonar, as well as VHF communication equipment. The boat also features air conditioning systems, a refrigerator, a freezer, and an entertainment system with television and DVD player.

Performance and Handling: Thanks to its deep V-hull and powerful engines, the Princess 398 offers excellent handling and exceptional stability at sea. It is designed to provide a smooth and enjoyable sailing experience, even in more challenging sea conditions.

The Princess 398 is an ideal choice for sailing enthusiasts looking for a used boat that offers excellent value for money, with high-performance and comfort.
